This 2682 sq ft two storey home in Castor has plenty of room for the growing family, or it could be turned into a bed and breakfast. Built in 1976, this lovely home & yard are just across the street from one of the many ponds throughout the town. There are four bedrooms on the upper floor and 1- 4 pc ensuite freshly renovated and 1- 5 pc modern bathroom. On the main floor is a large kitchen with newer appliances(once was a commercial kitchen), the dining room is off to the side of the kitchen and through the patio doors to the south is the covered sun porch with windows that open for fresh air as well as keeping you out of the rain and snow. Next we have a large living area with a working wood fireplace(original), an extra dining area and a 3 pc bathroom off the front entry. To name a few upgrades to this stucco home lets start with the very expensive new interlocking aluminum shingles(guaranteed for life and transferable) , new plank flooring down, paint, some new doors, trim, newer HE furnace for the upstairs while the original is still working for the down stairs. The hot water tank is looped for instant warm water. Out front of the home is the overhang, great for storing items to keep out of the rain. There is an attached double

garage with loads of storage and a cement driveway. Outside there is plenty of space in the yard and even a park right beside the property making it a huge asset for the kids. Ample storage is throughout the home with large pantries by the kitchen, and plenty of closet spaces in each room.
