105.64 Acres â€” Scenic Hobby Farm or Ag Property Near Carseland

This exceptional 105.64-acre property offers versatility, privacy, and panoramic views just 1½ mile off the highway with a 1-mile private gravel access road. The land includes 32 acres with permanent irrigation water rights, approx. 80 fenced acres across 3 pastures, a year-round creek, and approx. ¾ mile of canal frontage. Irrigation infrastructure includes an 8" aluminum line from the canal and 4" underground lines in the south pastures with 3 connection points.

At the heart of the property is an incredible, well-maintained 1293 sq ft homeâ€”originally built in 1941, relocated to site and fully renovated in 2001. The home features 3 bedrooms, 3 bathrooms, a main floor office, original oak hardwood floors, updated kitchen appliances, and a stunning sunroom with wood beams, triple-pane windows, abundant natural light, and breathtaking views overlooking the Bow River Valley (renovated in 2023). Enjoy a gas fireplace in the living room, a wood-burning stove in the basement, a lower-level wine cellar/storage room, and a metal-coated tile roof with a 50-year warranty (installed 2009). The yard is serviced by underground drip irrigation with 4 zones for efficient and lush landscaping.

Additional property highlights include a heated 28x30 ft garage/shop, multiple storage sheds, a garden shed with attached glass greenhouse, a Lynx dog kennel, a cedar hot

tub enclosure, and a 23-ft above-ground cedar pool with heat pump. Multi-level wood decks surround the home and pool area, perfect for relaxing or entertaining.

Naturally soft well water (13 gpm), a 3" natural gas line to the yard (ideal for future greenhouse use), and stunning Bow River Valley scenery make this a rare and highly desirable opportunity for hobby farming, equestrian pursuits, or agri-business development. Just a 10-minute drive to local amenities in Carseland, including the Nutrien Plant, Speargrass Golf Club, Carseland elementary school, and a grocery store.

Built in 1941
